## EXPERIENCE

### Freelance Web Developer

#### Upwork

📅 Dec 2020 – Present

📍 Kempton Park

- Working with clients all over the world, building User Interfaces, and fixing up code from previous developers.
- Mainly writing HTML, CSS, and JavaScript for clients on the platform.
- Maintained a 5-star rating and a Job Success Score of 100 percent.

## PROJECTS

### Travel and Attractions

#### React | Material-UI | Travel Advisor API | Open Weather API

📅 October 2021

📍 Kempton Park

- A website where one can find restaurants, attractions or hotels in their area or all over the world. One can also see what the weather is in any area as well.
- Visit site: <https://attractionsapp.netlify.app/>

### Whats Going On

#### HTML | Materialize | JavaScript | New York Times API | Webpack

📅 August 2021

📍 Kempton Park

- A website that shows you the latest stories and top 13 books from the New York Times. You can purchase the books from Amazon as well.
- Visit site: <https://whatsgoingon.netlify.app/>

### Skweeky Klean

#### HTML | SCSS | JavaScript | Video background | SVGs

📅 July 2021

📍 Kempton Park

- Website for a pool cleaning company with a cool and collected aesthetic.
- Visit site: <https://skeeky-klean.netlify.app/>
